# CITY ADMINISTRATOR STARTS DUTIES HERE

## Youngsters to Get Pony Cart Rides

Responding to the demands of customers, most of Sierra Madre's stores will start "Friday-night-openings" tomorrow, Oct. 5. As a result of the recent Dollar Days success, merchants have felt there is a definite need for additional shopping hours in Sierra Madre. The majority of the local stores and businesses, therefore, are trying the "Friday-night-openings" on a two-month trial basis.

## Mayor Calls Open Meeting On Defense

In observance of "Civil Defense Week," Oct. 14-20, Mayor William A. Kinney has declared the next meeting of Sierra Madre's Civil Defense Council "open to the public."

"We hope as many citizens as can crowd into the City Hall council chambers will attend the meeting," Mayor Kinney stated.

The meeting, set for Thursday, Oct. 18, at 8 p.m., will feature reports on various phases of Sierra Madre's civilian defense program. Purpose of "Civil Defense Week" is to stimulate interest in the work and to enlist personnel.

Gen. Walter M. Robertson, state civil defense director, has said that every man and woman in California should have some responsibility in the CD structure.

## Planners Nix Second House

City Planners gave a "thumbs down" verdict to J. C. Sengens' request Thursday to build a second house on his lot at 327 Sycamore Place.

A petition, signed by 18 property owners, was presented in protest to Mr. Sengens' proposal. Of the 32 parcels of land within a 300-foot radius of his property, 17 were represented on the petition as opposing the second house.

Mr. Sengens had pointed out that several non-conforming duplexes and apartments already are in existence on the street. Mrs. Robert de Wright, chairman of the Planning Commission, asked property owners present if they wanted the commissioners to initiate proceedings to have the west side of Sycamore Place rezoned from R-1 to R-2, since a number of non-conforming structures already are there.

The owners at Thursday's meeting said they did not want that, and the suggestion was dismissed. On motion of L. W. Lisle, Mr. Sengens' request was denied.

## 'A Conditional Permit . . .'

## PLANNERS OK NURSERY

A "conditional permit" was granted Mrs. Marjorie Peterson for the operation of her Mama Pete's Nursery School, 71 Suffolk.

City Planners okayed Mrs. Peterson's zoning variance request for a two-year period and on condition that the school is operated according to state laws.

Six property owners living within 300 feet of the nursery school had opposed the variance, stating that if granted it would encourage similar re-

quests which the Planning Commission could not, with consistency, reject.

They based their objections on the assumption that "it (the rezoning)" would be detrimental to the property value of the area.

William Rogers, 40 Suffolk, and Mrs. Marilyn Howard, 30 Suffolk, voiced opposition to the variance but stated they were not against having the

## Lions District Governor Due Here Tonight

Sierra Madre Lions will welcome this evening George V. H. Brown, district governor of District 4D2, Lions International, which includes 52 clubs in this section of Los Angeles County.

District Governor Brown will visit the Sierra Madre club at 7:15 p.m. Purpose of his visit will be to advise and assist President Harold E. Hamm, Secretary Jerry Murray, and other officers on matters pertaining to Lions administration and their program of humanitarian service.

Lion Brown is one of 243 district governors who supervise the activities of 8965 clubs. He is a resident of Long Beach.

## Firm Gives Estimate of School Repair

The school architects, Marsh, Smith and Powell, have estimated \$100,000 as the amount necessary to bring the City School building up to Field Act requirements.

Superintendent Charles A. Skutt said the firm submitted this estimate of actual reconstruction costs Monday. A 25 per cent contingency fee, recommended by the architects, would bring the school bond issue to \$125,000.

"The firm feels, though, that under the present controlled materials plan it is doubtful if they could obtain materials for the job," Mr. Skutt said.

Sierra Madre voters will be faced with three separate proposals on Dec. 4: (1) a bond issue of \$125,000 to earthquake-proof the building; (2) a tax rate increase for a possible five-year term to cover this amount; and (3) abandon the present school building and hold class sessions in tents.

## Local Rescue Crew Called For Woman

Sierra Madre's newly-formed Search and Rescue Crew was called out Tuesday night to aid in the search for a Duarte woman believed lost near Norumbega Canyon.

Seven men of the local crew assembled at the City Hall within 30 minutes after the call Tuesday night and combed the hills for 3½ hours.

The woman, Mrs. Mary Troxel, who has been ill, reportedly ran away from her home towards the foothills clad only

## WE'LL CHECK SUBDIVISIONS FIRST--PC

City Planners Thursday night put local real estate brokers on notice that all subdivisions must be cleared with the commission before any sales are made.

Planner L. W. Lisle moved that a letter be sent all licensed brokers in Sierra Madre to inform them of provisions of the city's Subdivision Ordinance.

Specifically, the commissioners want to remind real estate men that all subdivisions of property must first be submitted to them for approval before any sales of the property.

## ASSISTANT COMES TO ASCENSION CHURCH PARISH

The Rev. Father Edward Harris, O.H.C., has been assigned as temporary assistant to the Rev. Harley G. Smith Jr., rector at Church of the Ascension.

Father Harris, of the Order of Holy Cross, comes to Sierra Madre from Mount Calvary Monastery.

## FIRST AID CLASS STARTS OCT. 11

A night class in first aid will begin next Thursday, Oct. 11, sponsored by the Sierra Madre Chapter, American Red Cross.

Offering standard first aid instruction, the class will meet at 7:30 p.m. in the City School cafeteria. Col. C. E. Morrison will be instructor.

For further information regarding the course, contact Mrs. Florence Petersen, executive secretary of the local ARC Chapter.

## Mann's Condition Listed as Critical

Hank Mann, co-owner of the Sierra News Stand, 15 Kersting Court, was listed in "critical condition" by doctors at St. Luke Hospital yesterday.

Mr. Mann, one of the original "Keystone Cops" in early Hollywood movies, was stricken over the weekend and entered the hospital Monday. He underwent surgery yesterday morning.

His son, Pfc. Frank Robinson, USAF, is home on emergency leave from March Field, Calif.

## An Editorial:

## YOUR NEWSPAPER RENEWS PLEDGE TO PUBLISH TRUTH

"Your Newspaper Lights the Way of Freedom."

With this theme, thousands of weekly and daily newspapers throughout the United States are observing National Newspaper Week, Oct. 1 to 8.

To the NEWS the slogan and the week represent an opportunity to rededicate ourselves to the safeguarding of a free press and to a continuance of publishing the truth.

In a day of mounting governmental and social pressures on just about everything—yes, even thinking—the press must stand out resolutely for what it believes to be right.

As organs of the people, newspapers are powerful instruments which can bring about both good or evil. We, on the NEWS, recognize the tremendous responsibility entrusted to our judgment and pledge, once again, to print the news accurately, completely, and without bias.

In our news columns, we will continue as nearly as possible to describe every feature of life in Sierra Madre, the humor, the pathos, the trivial, the significant.

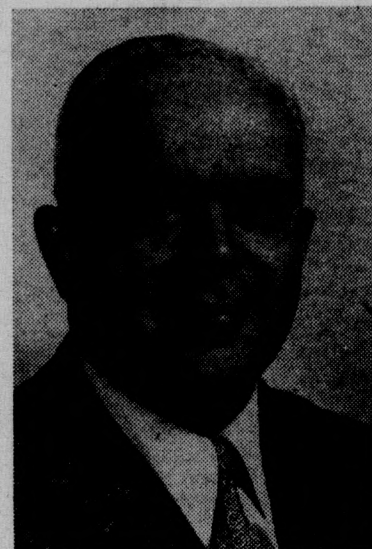

In chronicling activities of organizations, the NEWS serves as a stimulating force for their growth and success. In all aspects of community life, the NEWS will always work for what will result in a greater Sierra Madre.

## NO SCHOOL OCT. 12 AS STAFFS MEET

Friday, Oct. 12, will be a local holiday for pupils at Sierra Madre City School.

On that day the school will be host to approximately 250 teachers from La Canada, San Marino, South Pasadena, and Temple City for an all-day institute meeting.

At 9:30 a.m., Frank O. McIntyre will speak on "School and Community Relationships." Mr. McIntyre is director of public relations for the Southern Section of the California Teachers' Association.

Superintendent Charles A. Skutt said interested parents and P-TA members are invited to hear Mr. McIntyre.

In the afternoon, small groups of between 25 and 30 teachers will discuss the speaker's topic of the day.

## R. Merritt Baker Hired by Council

Meet R. Merritt Baker, Sierra Madre's new acting city administrator.

Mr. Baker was hired by the City Council Monday night and started work the next day. His salary is \$500 a month.

The appointment marks the end of a several-months' search for "the right man"—a search which began last December when an ordinance creating the office of city administrator was adopted by the council.

As city administrator, Mr. Baker's office will be comparable to that of a city manager. He will establish no over-all policy or legislation, however, and will be directly responsible to the council. He will take most of the burden of administration off the shoulders of individual councilmen.

Mr. Baker comes to Sierra Madre "highly recommended" by the city of Auburn, Calif., where he formerly served two years as city manager. Before then he was chief administrative officer for the city of North Sacramento for two years.

The new city administrator has had extensive experience in municipal government and has completed advanced study on the techniques of municipal administration. While in Sacramento, he also served as executive secretary of the Metropolitan Planning Committee.

During World War II, Mr. Baker served the federal government as an industrial specialist with the War Production Board in Washington, D.C. Later moving to California, he was in charge of marketing deciduous fruits and today grapes with the War Food Administration in Sacramento.

Earlier in his career, Mr. Baker was a newspaper advertising man and worked on various papers.

## 'SECOND-GEAR TEST' COSTS FINE OF \$10

"I was trying to test my car in second gear," explained George Richter, 32 W. Carter, in city court Saturday morning.

"There's no doubt about it, though, I plead guilty to going that fast."

Mr. Richter was cited for driving 42 miles per hour up Baldwin avenue. "It was right near your house that the officers pulled me over," he told Judge John C. Mead.

The judge decreed a \$10 fine for the "second-gear test."

A second charge that Mr. Richter did not have his driver's license with him was dismissed.

## MEETING TO AIR FUTURE PIONEER DAYS

The Coordinating Council has set Monday, Oct. 29, as the meeting time to discuss making Sierra Madre's Pioneer Days celebration into a community-wide event.

All organizations are urged to send official delegates to the meeting, to be held at the City School at 8 p.m. Interested citizens — not necessarily representing any group—also are invited to attend.

The discussion meeting will be convened by the Lions Club; for the past three years sponsors of Pioneer Days. After that, the Lions hope, a permanent committee will be formed, with representatives of as many organizations as possible to take over sponsorship of the annual celebration.

With each organization, including the Lions, having only one vote, it is hoped the committee can work out a Pioneer Days—or some other festival—which will be a definite asset to Sierra Madre.

At Tuesday night's session of the Coordinating Council, Lions Club President Harold E. Hamm invited all clubs and groups to have delegates at the Oct. 29 meeting.

## 'PENGUINS' RACE THROUGH TOWN ENROUTE TO POLE

Half a hundred penguins, migrating from their natural habitat in Antarctica, are routed through Sierra Madre, heading for the North Pole. If you haven't already been approached to finance the journey, you will be. Sierra Madre City School children are racing their penguins on paper, to win prizes for their rooms by obtaining as many P-TA memberships as possible.

Any one interested in child welfare may join. The small membership fee helps to purchase teaching scholarships, supply emergency needs for local children, and promotes legislation for child welfare, as well as keeps you informed of impending legislation concerning schools.

In previous years, the Sierra Madre Parent-Teacher Association has helped purchase an audiometer, public address system, and library books for the school.

But even more directly, in joining the P-TA you show your child that you are interested in his school.

The cash prizes won by the rooms—and every room getting

### CLUB WOMEN AT COUNTY COUNCIL

Seventeen members of the Sierra Madre Woman's Club were among the 600 women of the Southland attending the Los Angeles County Federation of Women's Clubs held at the Hotel Huntington Monday.

The speakers were Miss Vivien Kellems of the East, much in the public interest at the present, and State Federation President, Mrs. Amer C. Stolp.

Among the Sierra Madre ladies attending were Mmes. Harry Owen, D. J. Hart, Percy Kortkamp, W. J. Miller, A. G. Bonn, M. H. Harris, J. Earl Gossard, James Edsall, E. W. Beutler, Dewey McGarry, Al Myers, C. H. Sandage, O. R. Haas, Josephine Marr and the Misses Elizabeth Steinberger, Clara Sykes and Verna Trible.

### FORSTER LEADS DISCUSSION ON 'ROUND TABLE'

Richard H. Forster, 650 Auburn, who is a Los Angeles attorney, led a discussion on business insurance at the annual meeting of the Million Dollar Round Table at the del Coronado Hotel, Coronado, Calif.

Mr. Forster was one of three outside experts who were brought in by the organization which is made up of men who have sold at least \$1,000,000 life insurance a year.

The Million Dollar Round Table has 949 qualified members (1951) out of approximately 150,000 life insurance men in the U.S. and Canada. There are only 82 from California.

### Cmdr. Sewall Starts Electronics Course

Lt. Cmdr. Richard M. Sewall, USN, formerly of 252 W. Grandview, has reported to the Naval Postgraduate School at Annapolis, Md., to begin a three-year study course leading to a Master of Science degree in electronics engineering.

Commander Sewall's former duty was at the Navy Department, Washington, D.C. He was commissioned into the regular Navy in 1941 after graduating from the U.S. Naval Academy, Annapolis.

### NEW 'WEAPON' COMES TO SIERRA MADRE

A new weapon came to Sierra Madre last week. But, as modern weapons go, it isn't a secret anymore and already is obsolete.

The "weapon" was discovered by police late one evening after a resident reported hearing what sounded like rifle shots near her house. Officers nabbed two youths as they were driving away from the scene.

They handed over a 5-foot conduit pipe and several weird "darts" fashioned of paper rolled in the shape of cones. In the head of each dart were six or seven paper caps pressed against a flat nail head.

Using the technique of African pygmies, the youths would fire the darts from their blowgun at any hard surface—with a loud noise resulting as all the caps discharged simultaneously.

"We're not doing anything illegal," gleefully chortled the two young men, both 19 and both students at Caltech. "The law says paper cap torpedoes are perfectly OK."

Police Chief Gordon McMillan patiently pointed out that while one paper cap is legal, firing several at once adds up to too many grains of gunpowder—or an "illegal explosive."

The blowgun and its weird ammunition have now joined the other "trophy" at the police station, and the boys were let off with a warning that any further violations will be dealt with "stringently."

### YMCA Starts Paper Drive

Santa Anita District YMCA announces that its gigantic paper drive will be held during the first two weeks of October.

YMCA boys and girls clubs throughout the district will all collect papers, and the group bringing in the largest amount will win a special Y award. It is hoped that persons living in the area served by the YMCA will save their papers for the drive. Proceeds will supplement the Y's current operating budget.

If you have papers for the drive, call the YMCA office at 235 S. Myrtle avenue, Monrovia.

### Lutheran Church To Confirm Class

Mr. F. Herzberg and Mrs. S. Ballou will be received into membership of the First Lutheran Church Sunday, Oct. 7, through the rites of confirmation.

The Rev. H. W. Schmitt, pastor, said the two new members have completed a course in Bible doctrine, the second such adult class to be finished.

He said a third class, leading to membership in the church, will be started soon.

### Russian Film Due at Forum

George Rony, prominent lecturer, author, and motion picture producer, will be the next guest speaker of the Community Forum on Thursday, Oct. 11, at 7:45 p.m. in the Monrovia-Duarte High School auditorium.

Mr. Rony will present his Russian film-lecture.

Born in Russia of Greek parents, Mr. Rony has been in the United States since 1940, and an American citizen since 1945. A fugitive from three dictatorships, he takes his democracy very seriously.

### McMILLEN ASKS BROADER NEIGHBORLINESS PRACTICE

By W. Henry McMillen

First of all, a vote of thanks to Byron O. Taylor for his fine article last week. Reaction to Mr. Taylor's article encourages the hope that others interested in the well-being of their fellow men may wish to express their own views through the medium of our Clinic of Sierra Madre. I would like to digress

from pursuit of study of our current Clinic problem—that of jealousy, to comment on the actual implications of Mr. Taylor's views. The hard, cold-blooded facts behind his "good neighbor" analyses are apparent. We of our community are not lacking in our responsibilities—up to a certain point.

When there is a fire, our Volunteer Fire Department gives forth to the very best of its ability, and without any thought of remuneration. When there is hunger, we give and provide clothing when needed. When there is lack of employment, we try to supply work—both through our own personal efforts and through federal and state agencies.

And when there is physical illness, everyone does his utmost to aid in any way possible.

All these things we do out of realization of a great Spiritual Truth—that people must live WITH and FOR each other—that we must contribute TO the well-being of our community if we are to enjoy the privilege of continuing to live with and for each other.

But beyond these points, of danger, of poverty, of physical illness, our "neighborliness" grinds to a sudden stop.

We are too prone to regard our own "happiness" problems as "our own business"—to resent a helping hand. And we tend to shy away from offering aid or advice to others about their "personal affairs." Actually, wouldn't you be much happier yourself if you could help your friends, relatives, and neighbors to enjoy life in a happy, serene way? We gain our greatest happiness through passing it on to others.

In our discussions, Mr. Taylor had several pertinent thoughts that merit exploration. Personal, individual danger—personal, individual need—and personal, individual physical illness—all these are so ably met by private or public agencies.

Why not include the problems of personal, individual happiness in this pattern of public concern? If private, local financing is not sufficient

to support such a venture, Mr. Taylor is confident that outside aid can be had.

Once enough interest is shown, one of the many national foundations might decide to sponsor our Clinic of Sierra Madre experiment. Mr. Taylor further suggests that it might be possible to interest the state in operating a chain of local, "out-patient" clinics, where persons with minor "problems"—phobias, neuroses, etc., could be advised or treated without having to subject themselves to the so-called "stigma" of entering regular state mental institutions.

It would be a "feather in our cap" if Sierra Madre should be the originating point for such a new advance in this field.

### SIMPSON BACK AFTER ILLNESS

Roy Simpson, shoe shiner at Mike's Barber Shop, 22 W. Sierra Madre boulevard, was back at work this week after an illness of several weeks.

Mr. Simpson was a patient at Sawtelle Veterans' Hospital for three weeks.

### CITY HOLDS OVER 'SPLIT' REQUEST

A lot-split request of Col. and Mrs. Walter D. Thurber, 470 Manzanita, was held over by the Planning Commission Thursday night for "further study."

In the meantime, the Thurburs were asked to furnish the city planners with a legal description of the parcel they wish to retain and of the parcel they wish to sell.

### 'Blind Spot' Will Get Larger Light

The new light pole for the Kersting Court "blind spot" will be of the 10,000 lumen variety.

Engineers of Southern California Edison Company recommended—and the City Council said OK last week—that a larger bulb be used instead of the 6000-lumen one originally scheduled.

"A 6000 lumen bulb would be totally inadequate for that area," Edison engineers said.

## Civic Club To Hear G. F. Smith

Some of the customs of South American countries will be outlined this evening, Oct. 4, at the annual initiation dinner of the Sierra Madre Civic Club.

Guest speaker will be Garland F. Smith, recently moved here from Chicago. Mr. Smith, who has spent more years of his life abroad than in this country, will describe some of his experiences in South America, principally in Argentina, Brazil, and Uruguay.

He is returning to the Latin-American countries in February on a business trip for his firm, International Development and Engineering Association of Los Angeles.

As a boy, Mr. Smith served as a page in the U.S. Senate under Vice-President Charles Dawes. He later traveled throughout Europe and South America setting up a distributorship for machine tools. He speaks German and Spanish fluently.

A resident of Sierra Madre six months, Mr. Smith is active in the local Toastmasters Club.

The Civic Club's initiation dinner will be held at the Colony Restaurant in Uasadena, beginning at 7:30 p.m.

## LEAVING CAR IN INTERSECTION ENDS WITH FINE

Three dollars of a \$5 fine were suspended Saturday for James Virzi, 813 Lupin Trail, cited for leaving his car parked in the intersection at Woodland Drive and Brookside Lane.

Mr. Virzi explained that he ran out of gas while driving home. As he was going to get more gas, his auto was "tagged" by local officers.

"If you had only left a note stating that your car was disabled, all this could have been avoided," remarked Judge John C. Mead.

In view of the fact that Mr. Virzi was "trying to get gas so the car could be moved," Judge Mead suspended all but \$2 of the fine.

## Fathers Witness Prowler at Work

Passionist Fathers at Mater Dolorosa Retreat House had an unscheduled guest early one morning last week.

Brother Gerald phoned police that he and his colleagues saw a man tampering with one of the monastery cars, apparently trying to start it.

"We watched the man for a few minutes until he drew away and fled," reported Brother Gerald. A description of the prowler was not obtained.

Still spry and enjoying the best of health, Mrs. Elizabeth Stockton Dietz, 85 S. Baldwin, celebrated her 94th birthday yesterday, Oct. 3.

Mrs. Dietz' grandson, Harlan Kromer, and Mrs. Kromer, honored her with a birthday dinner. Numerous friends and relatives called on Mrs. Dietz throughout the day.

## Look... Hear, Now!

By STUART and JANE HEINEMANN

Whoever said "You can't please all the people all of the time," if he were alive today, probably would have worked for a television station.

After sacrificing hours of sponsored time to bring the "people" the Japanese Peace Conference telecast from San Francisco, the seven Los Angeles stations were forced to take thousands of complaining and even abusive telephone calls from irate viewers protesting the loss of their favorite programs. Then when the stations slipped a total of four hours of regular programming into the conference, other thousands stormed to their telephones to protest such "unpatriotism."

"What do the people want," moaned seven station program directors in unison. "They scream if you do and they scream if you don't!"

Isn't that the truth.

The Peace conference telecasts brought out another interesting insight into the TV public's tuning preferences. Viewers had their choice of channels—but it was Channel 5 by more than two to one—according to one rating service. Why always Channel 5? The predominance of this station gets a bit monotonous, but theirs is the reward of having a good, clear picture and generally more shows that the general public want to see. So—all other things being equal, 5 usually gets the nod.

Big challenge to KTLA probably will come this year from KSNB, the NBC outlet in Hollywood. A total of 14 live TV shows will start moving coast to coast this month. Such big guns as Red Skelton, Groucho Marx, Martin & Lewis, Abbott & Costello, Eddie Cantor, etc., are bound to dent even the Los Angeles audience which has always preferred local productions.

### INSIDE TV...

FRANK PAN: Youngster, aged eight, wrote into "Hi Talent Battle," where winner is decided via viewers' letters, in honest admiration of one small girl contestant. Wrote the boy: "I want Linda to win because she is my sister" . . . After two years' careful and painstaking observation of every show on every channel, radio's clown, Red Skelton, made his television debut this past week. The verdict: Red's even better on TV than on radio. No more visual comedian ever existed! . . . Speaking of TV, leave it to Tallulah to cover the situation neatly. Languidly honest Tallu admitted: "Me. On television? I'd look like three yards of old corduroy." . . . How shows are born: sitting in the patio, swinging in the shade, husky Cliffie Stone of "Hometown Jamboree" with his producer and director dreams up a new half-hour amateur show to debut Tuesday, October 16th, 7:30 p.m., Channel 13 . . .

Lorraine Cugar, shapely songstress, gets a coast-to-coast telecasting after 13 weeks on KECA-TV, although station directors concede the show needs "a bit more polishing" before playing before critical New York audiences . . . Director Alan Dinehart Jr., son of late screen actor Alan Dinehart, has hot-footed it as director of the "Alan Young Show" and is packaging his own show with model Joan Jordan.

\*\*\*\*\*

Edward Arnold, ABC's "Mr. President" and ace storyteller, gives the lowdown on conscience. "Conscience," he says, "is the little voice that tells you not to do something . . . after you've done it!"

\*\*\*\*\*

### COAST TO COAST...

NEW YORK: Milton Berle has already lined up Yma Sumac, Boris Karloff, Rosemary Clooney, Mills Bros, Edward Arnold, Vivian Blaine and others for future guest spots on his "Texaco Star Theatre" . . . Kate Smith has tied Godfrey as top network money-maker. The ample songstress earns \$12,000,000 a year for NBC with her six hours weekly TV schedule . . . N. Y. reacted unfavorably to the first "Alan Young Show," with critics suggesting Young get some better writers, "or else." (Young himself does some of the writing.)

HOLLYWOOD: A great grandson of a famous movie star has been signed for a telefilm series. Third generation hero is Rin Tin Tin III . . . "Frosty Frolics," first KTLA show to go coast to coast, claims that all tickets for the show through April, 1952, have been requested as a result of just one plug requesting viewers to write in their ticket requests. 12,000 came in the first day.

\*\*\*\*\*

### RADIO ACTIVE...

Back on the air: The Nelson family (complete with sons David and Ricky) 9 p.m., Friday, KECA. Incidentally, they've just completed their first movie as a family . . . Listen for: "The Big Show" on KFI this Sunday, 3:30 p.m. Negro entertainer Josephine Baker, who recently set Los Angeles on its ear, is one of the stars . . . Also: the debut of singer Frankie Laine in his own show, Sunday, KNX, 1:30 p.m.

## FACTS THAT YOU SHOULD KNOW

The study of chiropractic as a career has been approved by the Veterans Administration under the G.I. Bill of Rights since 1944. More than 7500 veterans have graduated or are now completing their chiropractic education in 4 year accredited colleges throughout America.

Selective Service, by authority of Senate Bill 1, signed by President Truman last June gives Chiropractic students the same privilege of completing their education that is granted to medical, dental and osteopathic students.

Many thousands of federal employees are demanding chiropractic care under resolutions passed by their organizations. More than 500 insurance companies and Industrial Accident Commissions recognize chiropractic claims for health and accidents.

At the insistence of all three national veterans organizations, a bill is pending in Congress to include chiropractic as a health service in the Veterans Administration.

Railway workers are granted full recognition of claims for chiropractic care by the Railway Retirement Board.

In the United States over 20,000 chiropractors provide health service which is not otherwise available. There are 2,000,000 new chiropractic patients each year and 32,000,000 chiropractic patients throughout the world.

## Col. Edwards Home After Year of War

Lt. Col. Spencer P. Edwards, 576 Elm, arrived in Sierra Madre last Thursday, home after a year as a combat officer in Korea.

Mrs. Edwards and one of their daughters, Robin, 3, accompanied the Army officer down the coast from Seattle. Two other daughters, M'Liss, 5, and Libby Ann, 1½, remained in Sierra Madre and greeted their warrior father upon his arrival here.

Colonel Edwards is now enjoying a 30-day leave before beginning his new assignment at the Brown Military Academy, Pacific Beach, near San Diego.

A graduate of UCLA, the Sierra Madrean is now a career Army officer. He was in the heat of Korean warfare from the historic Inchon landing on through various phases of the campaign.

After commanding a battalion as a major for more than six months, the officer was promoted to lieutenant colonel. His unit, the Third Battalion, 32nd Infantry, 7th Division, won a presidential citation, and Colonel Edwards wears a bronze star for his role in the Inchon landing.

## NACK'S RECENT PAINTINGS NOW ON DISPLAY IN L.A.

A one-man exhibition of recent paintings by Sierra Madrean Kenneth Nack currently is featured at Landau Gallery, 702 N. La Cienega, Los Angeles. This exhibit is Mr. Nack's first one-man show on the West Coast. Thirty-five paintings, many of which were purchased opening Oct. 13. He previously has had 11 one-man art shows in Chicago and Paris, France.

Mr. Nack, originally from the Windy City, received his Master of Fine Arts degree at the Chicago Art Institute. Before coming to California last year, he spent a year and a half travelling in Europe and studied with Leger in Paris.

In 1950 the local artist was included in Life magazine's "19 Best American Artists under 35," and was featured in Look magazine's article on "American Artists in Paris."

The Sierra Madrean has been invited to include his work in major exhibitions at Whitney Museum, Denver Art Museum, Metropolitan Museum, Art Institute of Chicago, San Francisco Palace of the Legion of Honor, the University of Illinois, the Philadelphia Academy and others. His art work also has received numerous awards.

Mr. Nack now teaches at Pasadena City College and at the Kahn School of Art in Los Angeles.

## Fabrics Show Off on Coats

More than ever, this Fall, the excitement of the fabric lends a focal point of fashion interest to new coats.

For shaggy textured fabrics like poodle cloth, wool with nubby surfaces, fleeces, many with the look of fur, flannel in every shade of grey, long hair blended wools, velvety velour-style fabrics and plaids are used for shortie and full length flared coats and even, most dramatically, for newly revived fitted patterns.

In fitted fashions, belts often provide an extra nipped-in effect to the waistline. Princess styles in both single and double-breasted versions are back. And on all, the moulding lines of the coat are complimented with tiny high-rising collars or over-size collars that have dashing cape effects and, in many instances, a gently swirling skirt.

Also fresh and new for coats is the careful control of flare. Here, the flare, rather than being concentrated, is re-distributed for a more all-around appearance.

Linings often zoom out in bright contrasting colors, sometimes warm plain tones, sometimes gay plaids, that may match the shade of the costume worn beneath the coat.

Also new are the collarless necklines that close for warmth high up on the neckline. And side closed necklines, like, for example, a side buttoned collar, a one-sided attached stole or a closing that's entirely wrappy and asymmetrical.

Rounded sleeves provide a most feminine contrast to new slimmer silhouette coats. And there is a tendency to use dress-up fabrics, such as velours featured in houndstooth and tattersall checks and interesting color combinations such as oxford grey and purple, for more casual fashion coats.

## FIRE FLAMES

FIRE PREVENTION WEEK is coming up beginning October 7, and continues through the week. If you are a constant reader of this column, you need no further advice on the necessity of prevention of fire.

The help your fire department gets from its many friends who assist with fire prevention work is the answer to the great success of which we now can boast.

We loathe boasting, but will be glad to call it something else if we can only continue to keep down the fire loss in Sierra Madre. Many lives have been saved in Sierra Madre through the prevention of fire. We can't afford to become apathetic. Those fires that were stopped before reaching great heights were life-savers and who knows how many times this has happened by stopping fires before they ever got started. It's a fact.

Little matters leak out occasionally and it was learned that three of our boys were unable to resist the temptation to jump in the lovely swimming pool of the Roosevelt Hotel one evening during the Convention period held there. The permission to use the pool was absolutely within the bounds — but when the boys were caught at a convention without their fancy swim trunks, another color comes into view.

Louie George and Mo Thomas appeared at the edge of the pool and caused quite an uproar from the beauties there on display. The girls were thrilled to the gills with the magnificent stature of our young heroes and were not bashful about expressing it. Nat, this affected the boys and their poses became those of experts.

Mo jumped high into the air and made a perfect swan. Louie followed with the same thought but landed on his ear. The crowd was in an uproar. Louie's shorts began to shrink.

Everything was lovely until the swimming pool guard became jealous. Without further ado, he informed them that higher-paying patrons would occupy the pool the remainder of the evening and if it be their pleasure, would they retire to the firemen's room and take a nap.

A goodly crowd of the members were out to drill last Friday evening and both trucks took on a crew, each drill is carried on to exemplify as nearly as possible the fighting of a fire.

And now folks, just because we have escaped a serious fire during the past month, we are not in a position to expect it the following month — unless we are all very careful.

There are many things to watch out for. Among the most dangerous is permitting matches within the reach of children. The children are not so much to blame if they get them, because to them a thrill is a thrill without knowing the danger.

Another common source of fires is that of smokers who will chance smoking while in bed. Even smoking while seated in overstuffed furniture is dangerous if a constant alert for falling hot ashes is not practiced. Outdoor open burning in Sierra Madre can be a terrific hazard to the community.

We just MUST keep the FIRES OUT.

## Gilbert Urges Annual X-Rays

"While many people received chest x-rays last year when the mass x-ray survey was in progress, it is a good health practice to have a chest x-ray annually," says Dr. Roy O. Gilbert, county health officer, in discussing the free chest x-ray program in Monrovia starting Nov. 13.

These x-rays, which may show abnormalities of the

chest, such as tumors, enlarged heart, or tuberculosis, are available to anyone over 15 years of age, the health officer advised. An early diagnosis of chest ailments insures prompt treatment, Dr. Gilbert added.

Schedules for Monrovia are as follows: Tuesday, Nov. 13, 2 to 7 p.m.; Wednesday and Thursday, Nov. 14 and 15, 9 a.m. to 3:30 p.m.; and Friday, Nov. 16, 2 to 8 p.m. at Library Park, Lime and Myrtle avenue.
